Durabuilt®

Quality Bird Aviary Range

Accommodation for your native, domestic and hobby birds and small animals.

5

Durabuilt Bird Aviaries offer a safe and secure environment for breeding, show and domestic birds. They are easy to clean and maintain with excellent ventilation and security. Aviaries can be installed with an optional divider, which is supplied with a second door in the opposite end, to separate breeding stock, large and small birds or different species.

Hexagonal Aviaries are ideal in corner areas, along boundaries or used as a central garden structure and are suitable for native and introduced bird species.

The Bird House is an attractive and decorative garden feature with an hygienic, smart and durable design and attractive moulded roof. The fully coloured compact design provides a secure, well ventilated environment for most birds.

Durabuilt®

Fowl House Product Range

Secure accommodation for professional and hobby birds, poultry and small animals.

5

Durabuilt Fowl Houses provide accommodation for poultry, fowl and small animals that require light, airy conditions. The steel construction is easy to clean with heavy mesh fronts, solid back and side panels and a full height door for easy access.

Durabuilt Kennels are specifically designed to suit the requirements of professional breeders and are ideal to facilitate breeding programs.

Durabuilt Pet Runs offer attractive accommodation for a variety of small animals and come standard with a removable base tray for ease of cleaning.
